

# CONTENTS (Volume I)

## A: Vital signs

1. Headaches .....	2
2. High fever .....	4
3. Languidness .....	6
4. Jaundice .....	8
5. Eruptions-adults .....	10
6. Swellings .....	16
7. Stifling .....	18
8. Chest pains .....	20
9. Abdominal pains .....	24
10. Symptoms developing after taking a medicine .....	26
11. Vomiting .....	28
12. Diarrhea-acute diarrhea .....	30
13. Hematuria .....	32
14. Bloody stools .....	34
15. Numbness in the limbs .....	36
16. Dizziness .....	38
17. Blurred vision .....	40
18. Earache and hearing loss .....	42
19. Toothaches .....	44
20. Sexually transmitted diseases .....	48
[For easy understanding] Medicines and Drinking .....	52

## B: Principles of Emergency Treatment

21. Judgement, and point of emergency treatment .....	54
22. When breathing has stopped .....	56
23. Artificial respiration .....	57
24. When the heart has stopped .....	58
25. Combined use of artificial respiration and heart massage .....	59
26. When a man suffers a fall .....	60

## 目次（上巻）

### A: バイタルサイン

1. 頭痛	2
2. 高熱	4
3. 倦怠	6
4. 黄疸	8
5. 発疹(成人)	10
6. 膨張	16
7. 息苦しい	18
8. 胸痛	20
9. 腹痛	24
10. 薬を飲んでから出た症状	26
11. 嘔吐	28
12. 下痢	30
13. 血尿	32
14. 血便	34
15. 手足のしびれ	36
16. めまい	38
17. 目がかすむ	40
18. 耳痛、難聴	42
19. 歯痛	44
20. 性感染症	48
[理解のために] 薬と飲酒	52

### B: 応急手当の基本

21. 判断と処置のポイント	54
22. 呼吸が止まったとき	56
23. 人工呼吸	57
24. 心臓が止まったとき	58
25. 人工呼吸と心臓マッサージの併用	59
26. 人が倒れていたら	60

## C: Points of Nursing

27. Nursing an unconscious patient .....	62
28. When carrying a patient .....	63
29. Changing nightclothes of a patient who cannot move .....	64
30. Nursing a patient who is in respiratory distress .....	65
31. Nursing a patient who has developed convulsions .....	66
32. Nursing a patient who has abdominal pains or diarrhea .....	67
33. Caring for meals for patients .....	68
34. Caring for excretions of patients .....	69
35. Caring for vomiting of patients .....	70

## D: Points of Observation

36. Vital signs .....	72
37. Disturbance of consciousness .....	74
38. Shocks .....	76
39. Types of pyrexia, and relationship with effects of medicine ...	79
40. Nausea and vomiting .....	80
41. Frequency of diarrhea, and the characteristics of the stools ...	81
42. Hematemesis, and bloody fluxes .....	82
43. Diarrhea, bloody stools, and anal hemorrhage .....	83
44. Observation of urine .....	84

## E: Treatment Procedures

45. How to measure the pulse .....	86
46. How to measure the blood pressure .....	87
47. How to measure the body temperature .....	88
48. How to stop the bleeding .....	89
49. How to give an injection .....	90
50. General instructions for injections .....	91
51. How to perform catheterization .....	92
52. Oxygen inhalation .....	94

## C: 看護のポイント

27. 意識不明のときの看護	62
28. 移動させるとき	63
29. 動けない病人の寝巻の着せ替え	64
30. 呼吸が苦しいときの看護	65
31. けいれんの看護	66
32. 腹痛、下痢の看護	67
33. 病人の食事の看護	68
34. 病人の排泄の看護	69
35. 病人の嘔吐の看護	70

## D: 観察の要点

36. バイタルサイン	72
37. 意識障害	74
38. ショック	76
39. 発熱の種類、薬剤効果との関連	79
40. 悪心、嘔吐	80
41. 下痢の回数、便の症状	81
42. 吐血と下血	82
43. 下痢、血便、こう門出血	83
44. 尿の観察	84

## E: 処置のしかた

45. 脈拍の計りかた	86
46. 血圧の計りかた	87
47. 体温の計りかた	88
48. 止血のしかた	89
49. 注射のしかた	90
50. 注射法の一般的注意	91
51. 導尿のしかた	92
52. 酸素吸入	94

## **F: How to Administer First-Aid Medicines**

53. How to apply First-aid medicine .....	96
54. Administration of a suitable medicine for symptoms .....	98
55. Proper administration of a medicine .....	99
56. Abuse of drugs for headaches .....	100
57. How to apply external medicines for skin diseases .....	101
58. Classification and the method of using major antibiotics .....	102
59. Prevention of drug allergy .....	104
60. How to prevent drug shock .....	105
61. How to arrange first-aid medicines .....	106

## **G: Mental Diseases**

62. Depression .....	108
63. Sleeplessness .....	109
64. Caring for mental distress .....	110

## **H: Medical Communications**

65. Types of medical communication .....	112
66. Cases needing medical advice .....	113
67. Procedures while using medical communications .....	114
68. How to make records .....	118
※ INDEX .....	120

## F: 救急薬の使い方

53. 救急薬の使い方	96
54. 症状に見合った薬を	98
55. 薬の的確投与	99
56. 頭痛薬の乱用	100
57. 皮膚の外用薬の使い方	101
58. 主な抗生物質と使い方	102
59. 薬剤アレルギーの予防	104
60. 薬剤ショックを予防するには	105
61. 救急薬の整理のしかた	106

## G: 心の病気

62. うつ状態	108
63. 不眠症	109
64. 心の悩みの手当	110

## H: 医療通信

65. 医療通信の種類	112
66. こんなときには医療助言を	113
67. 医療通信文にするときには	114
68. 記録の作り方	118
※ 索引	120
